

# DYAL SINGH PUBLIC SCHOOL, SECTOR-7, KARNAL

January, 2023

Dear Students,

**'The greatest happiness is to transform your feelings into action.'**

Schooling is the first contact with the world, a period of joy, healthy competition, adjustment, sharing and love. It is not the wide open spaces, classrooms, the library, laboratories or the large fields that make the school. It is in the heart of the students and staff that the true institution exists.

Learning is not a process limited to schools only, nor does it end with the conclusion of one's school career. It is indeed a lifelong process. The school is oriented to the total formation of a child and to adaptations of various methods suiting the dynamics of changing world in order to achieve common goals and objectives. Always set realistic goals and things to do in your day. Make a list and force yourself to do it. This will help you catch up with deadlines, and your studies will never pile up. Always say "I can do it" to yourself, and believe me, you will. Always remember to uphold the dignity of people. Be always ready to give preference to others. What you are is god's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you.

On behalf of entire DSPS -7 family, I wish you all the very best for your next level of academic achievement.

Best wishes

NAAZ PATHAK
