

DYAL SINGH PUBLIC SCHOOL, SECTOR-7, KARNAL

October, 2022

Dear Students

The great aim of education is not knowledge but action and I personally feel that this is appropriate in present era. It is not enough to simply have knowledge gained through rote memorization. To be an extraordinary child, you need a blend of physical, mental, social, emotional, moral and spiritual development. Holistic development can be engraved by participating and excelling in various co-curricular activities along with the scholastic activities. These co-curricular activities are also planned to enhance the overall personality, strengthen self-confidence, develop specialised skills and academic growth. DSPS-7, Karnal ensures the holistic development of its students.

We request our wonderful parents to find the sweet spot of interest in their children and render support to nourish it for their overall and stress-free growth.
