

JANUARY 2022

SCHOOL BULLETIN

DYAL SINGH PUBLIC SCHOOL , SECTOR-7 KARNAL

It is very rightly said that "Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations".

Students of Dyal Singh Public School Sector 7 are exposed to holistic Play Way methods. Learning is made joyful by variety of ways through language, play, drama, art, music and various sports activities. Children are involved in lateral thinking, hands on experience to retain knowledge which helps in their growing years. They are motivated to move from known to unknown, concrete to abstract and local to global. The holistic and joyful learning that happens here brings the children back to their roots and prepares them to face any unprecedented challenge in life.

I conclude with the message "we as parents and teachers are responsible in laying the foundation for success of our children both academically and personally throughout the life". Let us always remember that every child is unique, limitless and ready to shine!

- Poonam Juneja
TGT COORDINATOR
